Consultation, Investigation & Testimony

Impaired Driving & Traffic Expert

As a retired police officer with over 20 years of experience as an investigator in the UK and the US, I possess the skills and knowledge to enhance the services you provide to your clients and increase the likelihood of a favorable court outcome. Throughout my career, I have investigated nearly every type of criminal offense.

I do not want impaired drivers on our roads endangering others, but their arrest should result from a thorough investigation rather than a hunch or guess. I still view my role as teaching law enforcement officers how to investigate traffic cases properly. By pointing out mistakes, I allow them to enhance their investigative skills. That's how I improved my own case investigations!

I am highly trained in traffic crash and impaired driving investigations, with extensive experience in investigating cases ranging from minor property damage to fatal injuries and driving under the influence incidents. My services provide valuable support to Criminal and Civil attorneys in their cases. I am registered with the Colorado Office of Alternative Defense Council and the Colorado Office of the District Court as a DUI expert witness.

My experience in the following areas allows me to provide services to you:

- Conducted hundreds of Impaired Driving investigations involving Alcohol and/or Drugs.
- Former Certified Drug Recognition Expert Instructor, SFST Instructor, and Intoxilyzer Instructor.
- Investigated hundreds of Crash Scenes from Minor Property up to Fatal Injury crashes.
- Conducted thousands of traffic stops for traffic enforcement and other criminal cases.
- Certified Level 1 Crash Reconstruction and experienced Crash Scene Investigator.
- Testified in Municipal, County, and District Courts on hundreds of occasions.
- Advisory witness multiple times, providing support for the trial attorney.
- Qualified as an Expert Witness multiple times in Traffic and DUI-related cases.
- Developed and presented internal and external training classes and presentations.
- Taught DUI / SFST classes at the local police academy and other organizations.

My unique skills, knowledge, and experience are available to help you achieve the results you're looking for.

If financial limitations are a concern, please don't hesitate to let me know. I'm always willing to help.

Consultation, Investigation & Testimony

Premium Services Available

Forensic Analysis Package

A comprehensive analysis of the police reports and digital discovery to identify strengths and weaknesses in the case, highlighting any errors, omissions, or discrepancies in the evidence, while ensuring compliance with relevant regulations. The review highlights areas for negotiation with opposing counsel and for preparing direct and cross-examination questions for court hearings. This package may encompass attorney consultations, translation and transcription, additional research, court transcripts, a forensic analysis report, an expert opinion report, a Summary Report, and attorney support. Packages are available for either Impaired Driving or Vehicle Collisions, but combinations are available.

Partial Case Analysis

Although a complete forensic analysis is the best value, a Partial Review may better suit your needs and includes the same level of service. If you only need to review a single element of the complete case, this is an option for you. (Impaired: Initial Contact, Sobriety Testing, Toxicology, or DRE Eval. Collisions: Road Environment, Involved Vehicles, Human Factors, or Medical Records) Another partial review option is a preliminary assessment of the police narrative reports and related paperwork, accompanied by a summary report. Please remember, partial reviews can limit the expert testimony available for your case.

Expert Testimony Package

Professional testimony, including in-person or remote testimony, for legal proceedings, using information from reviews conducted, an investigation completed, or blind testimony from specialist areas. This package may encompass attorney consultations, court transcript review, testimony preparation, court wait time, advisory witness services, expert testimony, return travel to court, and next-morning testimony if held over and the schedule allows.

Case Investigation

Traffic investigation services can be conducted in addition to completed case reviews or separately, encompassing a range of tasks, including scene visits, evidence review, vehicle inspections, subject location, subject interviews, and baseline sobriety assessments.

Instruction & Presentation

As a retired law enforcement instructor, I offer the same training to other groups interested in how police are trained. Since retiring, I have expanded my knowledge base through additional training and incorporated it into presentations to benefit your group. In-person and remote options are available, with presentations tailored to you.
