Consultant, Investigator & Expert Witness

Impaired Driving, Vehicle Collisions & Traffic Stops

As a retired police officer with over 20 years of investigative experience in the UK and the US, I possess the skills and knowledge to enhance the services you provide to your clients and increase the likelihood of a favorable court outcome. Throughout my career, I have investigated nearly every type of criminal offense.

As an independent expert consulting on your case, I bring a unique perspective to your legal team, having worked on the streets catching impaired drivers, taught law enforcement to investigate potential impaired drivers, ensured officers maintained their proficiency, and now review investigations every week. I improved my investigations through critique; hopefully, I'm still helping to raise standards and improve cases.

Bringing an expert onto your legal team provides a wealth of experience to assess whether processes were followed as required to produce valid, reliable results. Whether the investigation was complete and thorough in the observation and documentation of evidence, and whether the interpretation of those observations was accurate. The investigation should culminate in a good decision regarding the arrest and the pending charges.

My experience in the following areas allows me to provide services to you:

- Conducted hundreds of Impaired Driving investigations involving Alcohol and/or Drugs.
- Former Certified Drug Recognition Expert Instructor, SFST Instructor, and Intoxilyzer Instructor.
- Investigated hundreds of Crash Scenes from minor property damage up to Fatal Injury crashes.
- Conducted thousands of traffic stops for traffic enforcement and other criminal cases.
- Certified Level 1 Crash Reconstruction and experienced Crash Scene Investigator.
- Testified in Municipal, County, and District Courts on hundreds of occasions.
- Advisory witness multiple times, providing support for the trial attorney.
- Qualified as an Expert Witness multiple times in Traffic and DUI-related cases.
- Developed and presented internal and external training classes and presentations.
- Taught DUI / SFST classes at the local police academy and other organizations.

My unique skills, knowledge, and experience are available to help you achieve the results you're looking for.

The earlier I'm retained on a case, the quicker I can start helping and potentially save you both time and money

Non-Traffic casework may also be undertaken. Be aware that expert testimony may be limited by the courts.
